👤 PROFILE

Motivated and adaptable Full Stack Developer with a solid foundation in IT and professional experience in web development, database management, and project delivery. Skilled in building applications using c#, .NET, Javascript framework and writing efficient SQL queries for SQL Server and Oracle. Passionate about clean code, continuous learning, and contributing to Agile teams. Committed to delivering reliable, user-focused solutions and growing as a technology professional.

🏆 OBJECTIVE

Looking for an opportunity to utilize my strengths to build my career that would intrinsically help me in achieving greater practical excellence in the technical domain, exceptional hardworking nature along with good communication skills to explore the requirements and come up with innovative solutions.

🎓 EDUCATION

2020	BSC(HONS) Business Computing and Information Systems
Dillibazzar	Softwarica College of IT & E-commerce (Coventry University)
2016	Intermediate in Management (HSEB):
Kamalpokhari	Kathmandu Institute of science & Technology (kist)
2014	School Leaving Certificate
Baluwatar	NEWTON CHILDRENS ACADEMY

🧠 SKILLS

Programming Languages & Frameworks

- C#, ASP.net Core (including .NET 8 & 9), .NET Framework
- Web API, Minimal API, MVC,
- Entity Framework Core, LINQ

Databases

- Microsoft SQL Server (SSMS)
- PostgreSQL
- Oracle
- PL/SQL

DevOps & Infrastructure

- Windows Server: Setup, configuration
- IIS Server: Hosting, deployment, SSL, domain binding
- AWS: EC2 (server mgmt)
- Docker, Git, GitHub, Bitbucket

Frontend Development

- Angular, Ember.js
- HTML, CSS, JavaScript, TypeScript

Architecture & Design Patterns

- Clean Architecture
- Domain-Driven Design (DDD)
- Repository & Unit of Work Patterns
- Microservices

Soft Skills

- Report writing, critical writing and documentation of project
- Strong Communication
- Team Collaboration
- Problem-Solving
- Continuous Learning

WORK EXPERIENCE

August 2020 – September 2022 Thapagaun, Kathmandu, Nepal	Riddhasoft Pvt. Ltd. <i>intern - Associate .net developer</i> • Grew from intern to developer, working on .NET projects using MVC, Web API, and Repository Pattern • Built and maintained applications with Entity Framework and SQL Server, WebAPI and more • Gained exposure to ADO.net and real-world IoT system deployment • Managed full project lifecycles and provided client-facing support • Learned how a tech company operates and sustains itself through real-world challenges and complexities
September 2022 – February 2024 Hattisar, Kathmandu	Cotiviti Nepal Pvt. Ltd. <i>Software Engineer I</i> • Worked on backend development using .NET, focusing on API integration, data handling, and authentication • Integrated Angular and Ember.js frontends with .NET APIs • Gained exposure to code quality and security tools like SonarQube, Veracode, and penetration testing • Participated in automation and deployment processes across development and staging environments • Led a team in an internal Hackathon to build a Jira-based performance dashboard • Used Git, Bitbucket, and SourceTree for version control and collaborative development
February 2024 – Present Hattisar, Kathmandu	Infinite Computer Solutions <i>Software Engineer II</i> • Implemented secure authentication flows using Okta (SSO) across multiple applications • Built reusable front-end modules in Ember.js, integrated with backend APIs • Actively contributed to Agile sprints—from planning to deployment • Runner-Up in Infinite Hackathon 2024 for building a full-stack "Center of Excellence (COE)" app

KEY PROJECTS

COE Management System

Hackathon RunnerUp 2024

Built a Center of Excellence (COE) Management System during a company hackathon to manage internal training programs. Included features for attendance tracking, team grouping, and efficient session management.

BMS – Breeder Management System

Valley Cold Store

Built a user-friendly app for commercial broiler farmers to manage poultry operations. Features included flock health tracking, inventory management (feed, medicine, vaccines), daily mortality/expense entries, and flock-wise cash flow reports—enabling insights into productivity and profitability.

MoneyFex / KIIPay

International Remittance Platform

Contributed to the development of a secure cross-border remittance system supporting bank transfers, mobile money, and cash pickups. Integrated Stripe for online payments, optimized data flow, and ensured a smooth user experience for global transactions.
